## Summary

I have been working a Web Developer with 5 years of experience in both Frontend and Backend web development. And I have good experience in Blockchain and solidity.

As a problem solver who loves facing challenges in my work, I'm excited to be at the deployment phase of my career as a web developer. I'm passionate and ambitious about my work, and love to be on a team that questions possibilities. I can help you with all my heart and ability. Congratulations!

## Experience

### Web Designer & Developer - 04/2017 to 12/2018

Maven, Kyiv, Ukraine

- ❖ Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences with Wordpress, Shopify and Magento.
- ❖ I tried to have good skills in Laravel and AngularJS, and developed Hotel Booking site and house selling&buying project using Angular and Laravel.
- ❖ Integrated Google Maps for displaying event locations using ArcGIS, PostGIS.

### Front End & Blockchain Engineer - 02/2019 to 11/2020

Danapay, Paris, France

- ❖ Used React.js , Node.js and MongoDB to build RESTful APIs for Danapay financial business project and developed several Blockchain features such as bulk payments.
- ❖ Experience with any of ERC20 , ERC721 , ERC1155 , BEP20 token on Ethereum and BSC and smart contract.
- ❖ Developed Admin side using Vuejs and Customer side using ReactJS and testing project using NodeJs for contract test.
- ❖ We used AWS for CI/CD, Zenhub, Miro, Github, Zira, Loom and Slack and Microsoft Team for communication.

### Full stack Developer - 03/2021 to 05/2022

Velocity Promotions LLC, Huston, United States

- ❖ With teammate who is currently the CEO of the company, set up an early company with ambitions to succeed in business and created an e-commerce site, and the company is growing at a rapid pace.
- ❖ After deploying first version of site, we developed mobile APP using Ionic and Laravel. In mobile version, I worked as a QA engineer using Cypress, Jest and PHPUnit, Laravel Dusk.

### Individual Developer- 05/2022 to Present

Zhytomir, Ukraine

- ❖ Currently, I am working as an individual developer and in the meantime, I developed NFT marketplace with Spanish client.
